INVITATION TO COMPETITIVE BIDDING

WET-HOLE BOREHOLE DRILLING IN CHIVI, ZAKA, MUTARE & BUHERA DISTRICTS

Takunda is a five-year Resilience Food Security Activity (RFSA) funded by USAID. The program is led by CARE Zimbabwe and its implementing partners, Bulawayo Projects Centre (BPC), Environment Africa (EA), the Food, Agriculture and Natural Resources Policy Analysis Network (FANRPAN), Family Health International (FHI360), the International Crops Research Institute for the Semi-Arid Tropics (ICRISAT), International Youth Foundation (IYF) and Nutrition Action Zimbabwe (NAZ). The project is being implemented in two provinces namely: Manicaland Province (in Mutare and Buhera districts) and Masvingo Province (in Chivi and Zaka districts).

Takunda seeks to promote sustainable, equitable, and resilient food, nutrition, and income for at-risk groups, namely: the extremely poor, the chronically vulnerable, and those at risk of malnutrition. The project aims to directly impact 301,636 people in 77,211 households across all-purpose areas by increasing household gender-equitable income, nutrition status, and resilience to shocks and stressors.

To meet the project goals, CARE Zimbabwe is inviting reputable and experienced borehole drillers to respond to a call whose details are as follows:
