

ZHI

Innovative and sustainable health solutions

Zimbabwe Health Interventions (ZHI) is a local human development organisation which is registered as a Private Voluntary Organisation (PVO 17/22). ZHI's mission is to develop and deliver innovative and sustainable high-impact integrated health interventions with local communities while working with and strengthening existing institutions. ZHI is currently implementing two 5-year programs funded by the US Agency for International Development (USAID)

ZHI hereby invites proposals from reputable vendors to submit quotations for the following products:
