

## ZIMSWITCH

Scan to Pay

CALL FOR EXPRESSION OF INTEREST:

TESTING QR PAYMENT SOLUTIONS WITH ZIMSWITCH

Zimswitch Technologies is working on a QR repository that will allow interoperability of various QR solutions in the market through the National Payment Switch. In this regard, Zimswitch will be undertaking a Proof of Concept (PoC) and therefore invites interested parties to participate in the PoC.

Eligibility Criteria:

To be eligible for participation, the participants must, at a minimum:

Have a registered company under the Companies and Other Business Entities Act in good standing.

Have a ready to test QR solution that can be used to complete payments, at a minimum on mobile, POS and Internet channels.

Be able to connect to the Zimswitch environment through API or ISO8583 compliant connection

Be able to meet costs for participation in the PoC.

PoC Modalities

Participation in the PoC will be required to:

Secure commitment of at least 2 financial institutions to participate in the PoC. Provide network links as guided by Zimswitch.

Demonstrate secure software development ensuring the solution complies payment security standards and best practices.

Test product in line with Zimswitch specifications

Adherence to the Company's policies and procedures as may be applicable to the PoC.

Interested Parties must submit an expression of interest by not later than 31 October 2024 to the contacts below: Attention Digital and Innovations Manager
